

PRAYERS NEEDED
SVdP-St Matthew Conference
Updated Oct. 23, 2023

Hillsboro could be the Tale of Two Cities: we have incredible wealth and incredible poverty. Drive along Cornell from SVdP to Tanasbourne and you'll see the homeless and their meager possessions and you'll see the multi-billion industry that supports our community.

How can we overcome the poverty that affects us all? Our politicians, elected officials and religious leaders are all working on it but we can all do our part by volunteering to help.

In addition to this, though, the power of prayer will always have a positive effect. However you do it, please add the plight of our low income individuals and families to your prayers.
